Hinge Code: L T
Hinge left
Top Pull

Sample:

100-L
Hinge Code: R
Hinge right

Hinge Boring:

Hinge boring is an option on all our door fronts.

L and R REFERENCE which side the hinge is placed. (Left or Right)

T and B REFERENCE pull location, for example, our 200-L-02 Series door with an integrated wood pull. (eg: L T in the hinge boring columns would designate a LEFT hinge with TOP pull). This is typical for a BASE cabinet.
